ANNUAL REPORT 2021-22

Department Of English

In the academic year, the English Department at our college has been a beacon of educational excellence. With a commitment to nurturing language proficiency, critical thinking, and communication skills, it continues to empower students with the tools for success in an increasingly globalized world.

The department's internal evaluation for the first semester took place from October to November 2021. This assessment included Marks Assignments carrying 10 marks and a written test carrying 20 marks, and for SYBSC it comprises to enhance students' performance comprehensively. Similarly, the second-semester evaluation occurred between March and April 2022, following the same evaluation format.

Furthermore, the English Department conducted various examinations to assess students' merit and understanding of the subject. This comprehensive approach to evaluation ensures a thorough examination of students' knowledge and skills, contributing to their academic growth and development.

Through these initiatives, the Department of Geography consistently supports and nurtures students' all-round talents, emphasizing both academic excellence and practical proficiency.
