Field Visit Report on Dhumy Dongar

Date- 23/09/2025

The Department of Botany successfully organized a field visit to Dhumy Dongar, Rajgurunagar, Pune on 23rd September 2025. A total no. of 21 students from F.Y.B.Sc. Botany participated in the visit, accompanied by Prof. G.G. Aherkar, Prof. J.R. Kote, and Prof. H.A. Koli.

The main objective of the visit was to study the plant diversity in the Dhumy Dongar forest area. Students observed and identified various plant species, learned about their ecological importance, and understood different field study methods.

This visit provided students with practical exposure to biodiversity and taxonomy, complementing their classroom learning. The students showed keen interest and actively participated in discussions with the faculty members. The field visit was successfully conducted and proved highly beneficial in enhancing students' knowledge of plant diversity and ecological studies.

The Department sincerely acknowledges the support of the Management and Principal Dr. H.M. Jare sir, Science In charge Dr. S.M. Jagtap mam of the college for permitting and encouraging such academic activities.

Prof. J.R. Kote
Subject Teacher
