Report on Peer Teaching Initiative: SYBSc Students Delivering Lectures to FYBSc Students

A lecture was successfully conducted by the Second Year Bachelor of Science (SYBSc) students for the First Year Bachelor of Science (FYBSc) students with the objective of sharing knowledge, enhancing academic understanding, and fostering peer learning.

The session began with a brief introduction by the Prof. P. P. Shindekar explained the purpose of the lecture and its relevance to the FYBSc curriculum. The SYBSc students presented topics related to their field of study in a clear and structured manner, making it easier for the first-year students to grasp fundamental concepts. Various teaching aids such as presentations, charts, and examples were used to make the session interactive and engaging.

The lecture covered key topics including [mention subject/topics], and special emphasis was given to simplifying difficult concepts. The presenters encouraged participation by asking questions and inviting doubts from the audience, which helped create an open and comfortable learning environment. The FYBSc students actively participated in the session and appreciated the efforts of their seniors. The interaction between the students not only improved understanding but also built confidence among the presenters.

The program concluded with a vote of thanks, acknowledging the efforts of the SYBSc students and the support of faculty. Overall, the lecture was informative, interactive, and beneficial for all participants.

S.Y. B.sc students conducted lecture on microscopy and practical on parts of microscope.
