4	Time	9:00 am to 3:00 pm
5	Duration of the programme	One Day
6	Expense	-
7	Source of Financial Assistance	Self
8	Name of resource person	Mrs. Shweta Gaikwad
9	Name of coordinator	Prof. P. P. Shindekar
10	Number of participants	22 Students + 02 staff
11	Copy of the programme	-
12	Curricular/Co-Curricular/Extra-Curricular	Academic & Extra- Curricular
13	Activity belongs to Which Criteria of NAAC	IIIrd

The Department of Zoology, Sahebraoji Buttepatil Mahavidyalaya, Rajgurunagar successfully organized a one-day Training Programme on Apiary Management on 22nd March 2025. The event was held at the Bombay Mother and Children Welfare Society, Rajgurunagar, in collaboration with Madhuleh Apiary and The Bombay Mother and Children Welfare Society, Rajgurunagar, Tal. Khed, Dist. Pune.

The training was designed specifically for Second Year B.Sc. (Zoology) students, aiming to impart practical knowledge and hands-on experience in the field of apiculture (beekeeping). Total 22 students of S. Y. B. Sc. are participated in this training programme. The programme was a part of the department's ongoing efforts to promote skill-based education and to introduce students to sustainable agricultural and environmental practices.

Highlights of the Programme:

- **Introduction to Beekeeping:** An introductory session was conducted by Mrs. Shweta Gaikwad to familiarize students with the basics of apiary management, types of bees, and the economic importance of apiculture.
- **Live Demonstration:** Experts from Madhuleh Apiary conducted a live demonstration on handling bee boxes, colony inspection, and honey extraction techniques.
- **Safety and Precautionary Measures:** Special emphasis was laid on understanding the behavior of bees, safety protocols during apiary handling, and how to manage bee stings.
- **Visit to On-Site Apiary:** Students were also taken on a guided tour to a functional apiary unit set up by Madhuleh Apiary to observe real-time operations.

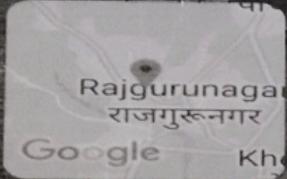

The programme was highly informative and appreciated by the participants. It enhanced the students' understanding of apiculture and encouraged many to consider beekeeping as a sustainable livelihood or research opportunity. The collaboration between academic institutions and field experts provided a rich learning platform, bridging theoretical knowledge with practical application.

We are thankful to Principal of Sahabraoji Buttepatil Mahavidyalaya, Dr. H. M. Jare and science incharge Dr. S.M. Jagtap for allowed us to conduct this training programme.
