

RESUME

Miss. KAJAL DATTATRAY GOKULE

(M.Sc. Microbiology)

Address-A/p-Chinchoshi, Tal-Khed,

Dist-Pune, 410505

Mob.No.7218022511/7507947497

[Email-gokulekajal123@gmail.com](mailto:gokulekajal123@gmail.com)

CAREER OBJECTIVE

To acquire an entry level position in the college where I can use my good teaching skills for the better development of the students.

EDUCATIONAL BACKGROUND

Examination	Year	University/ Board	College/School	Percentage
M.Sc. (Microbiology)	2019	SPPU	MES Abasaheb Garware College of art and science	70.35%
B.Sc. (Microbiology)	2017	SPPU	Shardabai Pawar Mahila MahavidyalayaShardanagar, Baramati	86.84%
12th	2014	HSC Board	Shardabai Pawar Mahila MahavidyalayaShardanagar, Baramati	81.69%
10th	2012	SSC Board	New English SchoolDhamari.	93.20%

KEY SKILLS

- ✓ Can teach the students as per their level.
- ✓ Good communication skills.
- ✓ Awareness about the various teaching techniques.
- ✓ In depth knowledge of the subjects.

TEACHING EXPERIENCE

Sr.No.	Name of Institution	Status	Year
1	Sahebraoji Buttepatil Mahavidyalaya, Rajgurunagar.	Lecturer	2020-22

ACHIEVEMENTS

- University 7th Rank Holder in B.Sc. Microbiology
- Qualifies for award of Scholarship for Higher Education (SHE) under Innovation inScience Pursuit for Inspired Research (INSPIRE) scheme.
- National level Microbiology workshop (3rd rank in model presentation).
- Played Kho-Kho at State level.
- Attained various programme held by Lila Poonawala Foundation.
- Completed Art and living course.

RESEARCH EXPERIENCE

I have published a research paper/article for building my research experience. Information is as follows.

Sr. No.	Article Subject	Journal /Book Name	Status	Publishing Year
1	Isolation & study of Bacteriophage of citrus canker causing bacterial pathogen	International Journal of Life Sciences (IJLSCI)	Peer Reviewed	May 2021

MSc. Project:-

TITLE :- Isolation of potent bacteriophage against plant pathogen causing citrus canker.

OBJECTIVES OF WORK:-

- To isolate the citrus canker causing pathogen from citrus canker infected leaf of lime.
- Characterization of citrus canker causing bacteria and it's antibiotic sensitivity pattern study.
- To isolate bacteriophage capable of infecting citrus canker causing bacteria from environment sewage water sample.
- Characterization of bacteriophage.

OUTCOME OF WORK:-

- The presented work provides the phage that reduce or eliminate the bacteria community with an easy-to-use tool.

Technical proficiency in lab:-

- Microbiology techniques.
- Fundamental computer knowledge.

HOBBIES

Writing, Playing Kho - Kho, Dancing

PERSONAL DETAILS

Name-Kajal Dattatray Gokule

Qualification:- M.Sc (Microbiology)

Date of Birth:- 26/06/1996

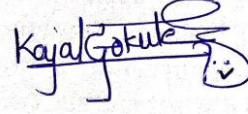

Mob.No:-7218022511 / 7507947497

Languages known:- English, Hindi, and Marathi

Address:- A/p-Chinchoshi, Tal-Khed,
Dist-Pune, 410505

DECLARATION:-

I hereby declare that the above mentioned information is up to date and true as per my knowledge.

Yours Faithfully,
Kajal Dattatray Gokule

Date:- 12/04/2023
Place: Pune
