Report on "International Microbiology Day" Celebration

Date 17/09/2025

The Department of Microbiology of Sahebraoji Buttepatil Mahavidyalaya Rajgurunagar celebrated "International Microbiology Day" on 17th September 2025 with great enthusiasm. The event was organized to highlight the importance of microorganisms in various fields and to create awareness among the students about their role in health, environment, and industry. The program began with the lighting of the lamp and a welcome address by the Head of the Department, who emphasized the contributions of microbiology to science and society. This was followed by an inspiring lecture by Dr. S.M. Jagtap Mam in charge of science faculty, prof. Patil S. R. and Prof. Kokane R.S. on "Role of Microbes in Human Welfare", where the resource person discussed the applications of microbes in medicine, agriculture, food technology, and biotechnology.

The program concluded with a vote of thanks, appreciating the efforts of the organizing committee, faculty members, and student participants. The celebration not only enriched the knowledge of students, but also encouraged them to pursue microbiology with passion and responsibility. Overall, the event was highly informative, engaging, and successful in spreading awareness about the significance of microbes in our daily lives, with the objective of promoting awareness about the importance of microbiology in health, industry, and the environment. The event was held at Microbiology Department and was attended by science students and all faculty members.

The celebration of International Microbiology Day was a grand success. It not only provided academic enrichment but also motivated students to recognize the importance of microbes in shaping a healthier and sustainable world. The Department looks forward to organizing more such events in the future to inspire young microbiologists.
